

FIVE18 COUNSELING CLINICAL TRAINING

STRUCTURE

FIVE18 Counseling's Clinical Training offers premier support and supervision focused on meeting the needs of clinicians-in-training, including Graduate Students and Residents in various mental health professions (counselors, substance abuse counselors, marriage and family therapists, social workers, and psychologists) working towards their license in the state of Virginia.

Clinicians will have the opportunity to work with a variety of clients with regard to range of psychopathology, age, gender, education, socioeconomic status, and cultural diversity. Experiences with adults, children, couples, families, individuals, and groups in a variety of milieus (outpatient clinic, home, school) will also be available.

Resident Clinicians in the program have an opportunity to earn around \$40,000/year with benefits, depending on the pace with which the clinician chooses to see clients. Resident Clinicians will be paid for any mandatory trainings and are asked to see a minimum of 15 clients/week for part-time employment and 25 clients/week for full-time employment. Further details regarding pay structure and the pace required to achieve the identified salary can be discussed further during the interview process.

SUPERVISION

All FIVE18 Clinical Training supervisors are licensed and approved to provide supervision within their respective fields by their respective boards under the guidance of the Virginia Department of Health Professions. Supervisors are asked to participate in supervisor training specific to FIVE18 Clinical Training to help facilitate a consistent experience of supervision for the clinician-in-training, regardless of the supervisor they are assigned.

Supervisors and clinicians-in-training will use a variety of tools to include but not be limited to: audio/video recording, client and session outcome data, and various measures for competence and wellness. These tools will be used to enhance the clinician's development and the quality of the supervisory relationship.

QUALIFICATION & APPLICATION INFORMATION

Prior to submitting the application, all Resident Clinician applicants must have applied to their respective board under the guidance of the Virginia Department of Health Professions.

All graduate student applicants must be enrolled in a practicum or internship course. For all eligible candidates, an interview with the FIVE18 Clinical Training Director will be part of the selection process. Applicants will be notified of their acceptance or rejection within two weeks of the interview date. Upon successful completion of the first year of Clinical Training, all clinicians will be evaluated based on supervisor feedback, successfully meeting necessary hours for completion of school or FIVE18 Clinical Training requirements, and other feedback measures to be eligible for continuing on at FIVE18 Clinical Training.

mended futures for every family
